## 3<sup>rd</sup> Quarter Newsletter 2019

### 1. Information:

Hey Team! Welcome to our very first Newsletter! We are just too EXCITED to share this with you and keep all of you informed and up to date with the latest contributions Barnes Squared is making in our communities with your help.

On Saturday 28th September we completed our very first interactive project! We decided to take the opportunity to write up this newsletter with the intention of keeping you updated as to where your donations go and the positive effect they have. For this first project we made up 20 food parcels and

handed them out to less fortunate individuals, most of whom used begging or odd jobs as a means of living. In the parcel we had two sandwiches, an apple, a banana, packet of biscuits, water and canned spaghetti. It may seem like a small project in the eyes of the reader, but we can confidently testify that the gratitude we received for providing them a meal, and taking time to listen to their stories, was truly enormous and sincere.

Our journey started off in Brackenfell, after which we moved on to Durbanville, Platteklouf, and finally Bellville. The most impacting story we heard was from one of the gentlemen, George Williams, whom we met in Platteklouf. George was walking to Welgelegen to get to one of his brothers to get documentation, after which he needed to make his way to Muizenburg, whether on foot or by taxi, for him it was no issue. This was because his other brother had been using his identity to steal his monthly pension. George's attitude was so humble and so grateful. He believed that his faith would allow him to

have a successful journey, and that his every need would be provided for. What a remarkable man, we are privileged to have helped him with our contribution.

This is just the beginning of how your donations can improve someone's life and make a difference in this world. We aim to spread smiles as far and wide as possible. Thank you to each of you who believed in this cause and for your generous hearts. Without your help this would not be possible. We appreciate all the monetary assistance and together we can make a difference.

Our newsletters are one of the ways we would like to keep you in touch with all the projects your donations have assisted with. We will keep them short and concise, and highlight how your donations are making a difference in the lives of others.

We are working on an exciting launch for our social media platforms now that we have completed our first project. Thank you for your recurring monthly donations, keep a look out on our Instagram and Facebook pages for Launch Day!
